Dear Dr Vijayakumaran

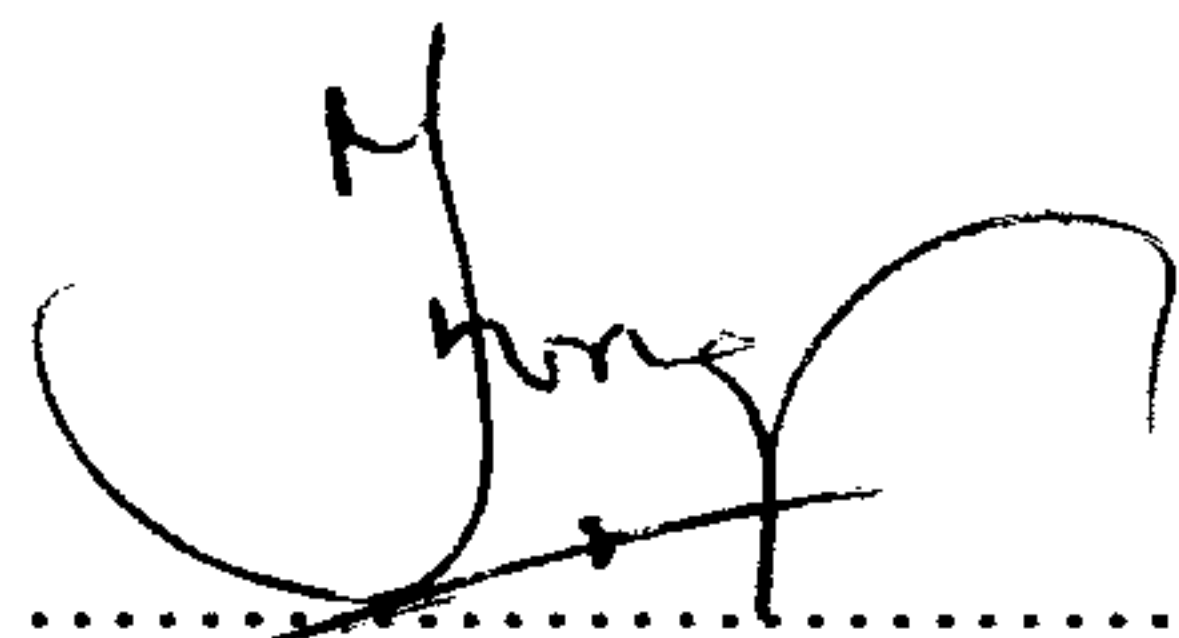

**Re: Mapping of Olympia Diploma in Business Management to HND in Business**

Mapping of Olympia Diploma in Business Management to HND in Business was completed by Olympia College and no gaps were identified. Thus no further coursework need to be completed by students to achieve outcomes.

Evidences from students' coursework need to be available to justify outcomes achieved as in accordance to the map to ensure that the External Verifier do not require additional work to be completed on the part of students prior to achieving the award.

Thank you for your continual support.

Yours truly

.....  
JC Fong  
Regional Development Manager  
cc Regional Director
